

# COREY Q . BOSTIC

## UX Design Consultant

Houston, TX

**AGILE CREATIVE PROFESSIONAL READY TO IMPROVE, BUILD & DELIVER BETTER BOLDER EXPERIENCES.**

I aim to design and implement large-scale applications using modern design architectures, tools, and methodologies. Over 10 years of experience with Design, IT & marketing projects of varying scale, scope, paradigms, and technology. My focus is to simply create things people enjoy endlessly.

### Job Experience & Details

#### Concord USA

UX Designer Consultant  
Houston, TX  
2022 - Present

As a user experience consultant, I work with enterprise businesses to help identify and clearly define problems. This allows me to translate those issues into insights, and provide end-to-end design solutions for our clients. Using design thinking and UX methods like user interviews, wireframes, mockups, and prototypes, I'm able to provide solutions to our clients and stakeholders. This approach allows me to better partner with developers, gain influence with stakeholders, and ultimately product results that solve problems for our users.

- Built and Designed a UI Kit & Design System for 2 internal Healthcare applications
- Designed Application templates for developers to build out new concepts.

**Client List :** HealthPartners, API Group, Blue Cross Blue Shield- Kansas City, Roche

#### Boral Agency

Lead Product Designer  
Houston, TX  
Oct 2019 - 2022

Worked in Collaboration with developer teams to manage a wide variety of cross media projects. I lead a team to design, develop & maintain a design system. I designed & implemented new design patterns, data visualization on web and mobile using Material Design Frameworks. I designed wireframes & prototypes for development production specs. I facilitated reviews with stakeholders and collaborated with project managers, developers,
